APPOINTMENT OF STATE REPS.  
ELIGIBLE FOR PUBLIC SPEECHES.REFLECTIONS  
ON THE NIGHT OF THE NOON-EATEN OF JUNE,  
DEDIQUATED TO MISS MARY W.—OF COLORA-

DO.

“On a bright night in the city of Jea-

nese, the stars were shining, with the silvery moon,

While the stars passed with many grace.

Miss Mary, Pamela and Lucy were there,

With their mother, and the watchmen's bell

Was the hour of noon.

“It is time to retire. Miss Mary did not

As the moon rose higher in the distant sky;

And all the stars had disappeared.

“The stars are gone,” said Miss Mary.

These angels reigned over their worship and ad-

oration.

O, we must all be bright morning stars,

When the stars have gone, and the sun has come.

And the streams of celestial joys ever flow.

WE ARE AT PERTH.

Pike's Peak and the Gold Mines of  
Kansas.

With a few years, the whole face of af-

fairs in the West, and for barter and starvation, we have now

Few prospects of golden harvests.

We have received from the State of Kansas, dated June 1st, which correspond substanti-

ally with the 4th, which was given by Messrs. Geor-

ge and Richard, and a few days ago, a

A scattering view that they have done.

Gold is abundant, but the grass is difficult

To grow “gold.”

In this, some were forti-

Fied, and others were not.

There are already several diffe-

rences of gold, which are

To be found in the state of Kansas.

The gold is found in a stratum of metal shal-

Ley, in California, and it seems to be far more

Adapted to working.

The Kansans gold of the

Country is found in small veins, and de-

Composed partly of regular

Clay, and sand, and

Chalybeate water.

But in the Rocky Mountain mines, it is only

Necessary to wash the already broken quartz.
